

Social Impact Bonds:
Transnational Policy Recommendation Workshop

We want to hear your opinion on the feasibility of Social Impact Bonds. This *workshop* will provide a platform for mutual learning among experts, policy makers, public authorities, foundations, investors and scholars operating in the field of SIBs from different European countries.

During two rounds you get to choose which discussions to join: **Procurement, Contract Design** and/or **Outcome Measurement**. Meeting results will be integrated into a *Common Methodology** that we hand over to the European Commission.

Anja Nieveler (bwcon) and Knut Wuhler (Eckert Schools) will guide you through the workshop.

Who is invited?

You have worked with SIBs or have a keen interest? Then we would like to hear your opinion!

Experts leading discussion:

Julian Blake, partner at Bates Wells Braithwaite: Julian has always applied commercial disciplines to his predominantly public benefit distributing client base. He is particularly involved with the application of corporate/commercial law to charities, social enterprises, educational institutions and socially focused business and the engagement between such organisations and the public sector. He has been interim head of the BWB Corporate & Commercial team and was joint head of the Charity & Social Enterprise team from 2011-17. From 2006 he developed BWB's cross-departmental Commercial Services and Sector Group initiative, as an extension of the firm's public benefit specialisation and is particularly engaged with the Public Services, Social Finance, Education and Health & Social Care teams. He promotes the European Commission Social Business Initiative perspective on Public Procurement and State Aid, challenging misconceptions within the UK. He is involved with national expert panels on Public Procurement and on Social Value, focusing particularly on Social Impact Measurement.
