RECONNUE D'UTILITÉ PUBLIQUE

FONDATION DE NICE PSP-ACTES:

1/ WHAT ARE THEY?

- ❑ Since the 1960s, the Nice Patronage Saint-Pierre ACTES Foundation, recognized as a public utility, has been active in favor of the poorest, according to values and principles that emphasize dignity, respect, solidarity, rights and the responsibilities of the accompanied person in a principle of secularism.

2/ THEIR FINDINGS

- Willingness of the Foundation to decompartmentalize its services to pool all the internal resources
- Improve the fluidity of young people's journeys by bringing the logic of child protection closer to integration
- No longer reasoning in terms of financial devices but in the course of young people to avoid dry out devices

3/ ONE SOLUTION: YOUTH PLATFORM!

- ❑ The youth services platform aims to facilitate the trajectories of young NEETs from 16 to 25 years old "Neither student, nor employee, nor trainee" and to simultaneously combine an educational and insertion approach to reduce the course breaks induced by the devices.
- ❑ The team's mission is to "tailor-make" with each young person, to offer them temporary accommodation (1 person apartment for 3 months – renewable once), to be a unique interlocutor to accompany them in all their social, professional and housing initiatives, access to training or employment, access to healthcare, access to rights ...
